Motors Liquidation Company GUC Trust
Notes to Claims and Distribution Summary – Section 6.2(c) Report
June 30, 2019

- (1) The Initial Distribution Date took place on or about April 21, 2011 (with a secondary distribution on or about May 26, 2011 to certain holders of allowed claims as of the Initial Distribution Date who did not receive the April 21, 2011 distribution). Since the Initial Distribution Date, the GUC Trust has made distributions in any quarter where (i) Disputed General Unsecured Claims or Unresolved Term Loan Avoidance Action Claims were allowed during the immediately preceding quarter, or (ii) where the amount of Excess GUC Trust Distributable Assets exceeded the Distribution Threshold. These footnotes describe only the distributions presented in the accompanying section 6.2(c) Report; for further information on prior distributions, please see the prior section 6.2(c) Reports available at the Motors Liquidation Company GUC Trust website at <https://www.mlcgucustrust.com/>.

During the quarter ended March 31, 2018, no Unresolved Term Loan Avoidance Action Claims were allowed, and thus the GUC Trust was not required to distribute any assets to holders of such claims. In addition, because the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold for the quarter ended March 31, 2018, no distribution to holders of Units was made in respect of such quarter.

During the quarter ended June 30, 2018, certain Unresolved Term Loan Avoidance Action Claims were allowed. However, the allowance of such claims was reversed in the quarter ended September 30, 2018, and thus the GUC Trust was not required to distribute any assets to holders of such claims. In addition, because the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold for the quarter ended June 30, 2018, no distribution to holders of Units was made in respect of such quarter.

During the quarter ended September 30, 2018, no Unresolved Term Loan Avoidance Action Claims were allowed, and thus the GUC Trust was not required to distribute any assets to holders of such claims. In addition, because the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold for the quarter ended September 30, 2018, no distribution to holders of Units was made in respect of such quarter.

During the quarter ended December 31, 2018, no Unresolved Term Loan Avoidance Action Claims were allowed, and thus the GUC Trust was not required to distribute any assets to holders of such claims. In addition, because the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold for the quarter ended December 31, 2018, no distribution to holders of Units was made in respect of such quarter.

During the quarter ended March 31, 2019, no Unresolved Term Loan Avoidance Action Claims were allowed, and thus the GUC Trust was not required to distribute any assets to holders of such claims. In addition, because the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold for the quarter ended March 31, 2019, no distribution to holders of Units was made in respect of such quarter.

During the quarter ended June 30, 2019, no Unresolved Term Loan Avoidance Action Claims were allowed, and thus the GUC Trust was not required to distribute any assets to holders of such claims. In addition, because the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold for the quarter ended June 30, 2019, no distribution to holders of Units is required to be made in respect of such quarter.

- (2) On January 14, 2014, New GM declared a dividend of \$0.30 per share on the shares of New GM Common Stock and paid such dividend on March 28, 2014. On April 8, 2014, New GM declared a second quarterly dividend of \$0.30 per share on the shares of New GM Common Stock and paid such dividend on June 26, 2014. On August 12, 2014, New GM declared a third quarterly dividend of \$.30 per share on the shares of New GM Common Stock and paid such dividend on September 26, 2014. On October 7, 2014, New GM declared a fourth quarterly dividend of \$0.30 per share on the shares of New GM Common Stock and paid such dividend on December 23, 2014. On January 21, 2015, New GM declared a fifth quarterly dividend of \$.30 per share on the shares of New GM Common Stock and paid such

dividend on March 24, 2015. On April 13, 2015, New GM declared a sixth quarterly dividend of \$.36 per share on the shares of New GM Common Stock and paid such dividend on June 23, 2015. Each of the foregoing dividends, to the extent paid on or prior to or declared in the quarter subsequent to the applicable date of measurement are referred to herein as “Current Dividends.”

On June 3, 2015, the GUC Trust Administrator filed a motion (the “Liquidation Motion”) with the Bankruptcy Court seeking an order authorizing the GUC Trust Administrator to exercise and/or liquidate the GUC Trust’s holdings of New GM Warrants and New GM Common Stock. On July 2, 2015, the Bankruptcy Court entered an order granting the relief requested in the Liquidation Motion (the “Liquidation Order”). Following entry of the Liquidation Order, and in compliance therewith, the GUC Trust Administrator exercised all of the New GM Warrants then held by the GUC Trust using a cashless exercise feature, and then liquidated all of its holdings of New GM Common Stock (including the proceeds of the exercised New GM Warrants) for cash (the proceeds thereof “GUC Trust Cash”).

As of the quarter ended June 30, 2019, but prior to current quarter activity and post-closing adjustments, the GUC Trust’s Distributable Assets consisted solely of \$457,916,890 in cash and marketable securities (\$445,202,661 which represents the proceeds of the liquidated New GM Securities that were categorized as GUC Trust Distributable Assets, and \$12,714,229 which represents Dividend Assets).

The following table summarizes the changes in the cash and marketable securities that comprise the GUC Trust’s “Distributable Assets as of June 30, 2019 (prior to current quarter activity)” to the “Cumulative total including current quarter activity and post-closing adjustments”.

Notes to Claims and Distribution Summary – Section 6.2(c) Report
June 30, 2019

- (3) Units represent the contingent right to receive, on a *pro rata* basis as provided in the Plan, Excess GUC Trust Distributable Assets (as described in greater detail in Sections G and H hereof). As a result of the no-action relief received from the SEC in May 2012 (which provided that the SEC would not recommend enforcement if the Units were issued in a global transferable form but were not registered under Section 12(g) of the Securities Exchange Act of 1934, as amended), each holder of an Allowed General Unsecured Claim is issued Units in global form only, registered in the name of and held only through the participants of DTC, as depositary. Previous to the receipt of such no-action relief, the Units were evidenced by appropriate notation on the books and records of the GUC Trust only and were not held through DTC.

Units are issued at a ratio of one Unit for each \$1,000 in amount of allowed general unsecured claims, such that if all Disputed General Unsecured Claims and potential Term Loan Avoidance Action Claims as of June 30, 2019 were subsequently allowed, the GUC Trust would issue approximately 33.4 million Units (inclusive of all Units previously distributed). Units in respect of general unsecured claims allowed as of the Initial Distribution were not issued until after the Effective Date. Hence, for purposes of this presentation only, Units outstanding as of the Effective Date are deemed to be zero. The 31,855,504 Units outstanding as of June 30, 2019 correlate to the \$31.85 billion in allowed claims as of March 31, 2019. The Number of Units outstanding as of June 30, 2019 does not directly correspond to allowed claims as of March 31, 2019 on a 1 to 1,000 basis because 72 additional Units were issued due to rounding.

- (4) The amounts reported as GUC Trust Distributable Assets are net of liquidating distributions payable in respect of Allowed General Unsecured Claims as further described in Notes 2, 4 and 5 of the Notes to the Financial Statements of the GUC Trust for the year ended March 31, 2019 as previously filed.
- (5) The categories presented under Sections C and E hereof correspond to terms defined in the GUC Trust Agreement and further described in Notes 2, 4 and 5 of the Notes to the Financial Statements of the GUC Trust for the year ended March 31, 2019, as previously filed.
- (6) Section 2.3(e)(i) of the GUC Trust Agreement required MLC, on behalf of the GUC Trust, to sell New GM Securities in the approximate amount of \$5.75 million on, or as soon as reasonably practical after, the Effective Date of the Plan. The proceeds of this sale were required to be used to provide the initial funding for certain reporting costs of the GUC Trust ("Reporting and Transfer Costs"). In respect thereof, on May 24, 2011, MLC, on behalf of the GUC Trust, sold 87,182 shares of New GM Common Stock and 79,256 warrants of each class of warrants, resulting in cash proceeds of \$5,649,328 (the "Reporting and Transfer Cash"), which proceeds were held by MLC on behalf of the GUC Trust until MLC's dissolution on December 15, 2011. On December 15, 2011, MLC transferred, net of payments already made on account of such Reporting and Transfer Costs, \$2,049,608 of these funds to the GUC Trust and \$500,000 to the Avoidance Action Trust in accordance with Section 2.3 of the GUC Trust Agreement.

In addition to the initial funding of the Reporting and Transfer Costs as described above, the GUC Trust Agreement (together with the Liquidation Order) affords the GUC Trust Administrator, with the approval of the GUC Trust Monitor, the discretion and authority to set aside from distribution GUC Trust Cash (including Dividend Assets) in amounts sufficient to satisfy (i) any current or projected fees, costs and expenses (including certain tax obligations and administrative costs) of the GUC Trust (the "Wind-Down Costs") that were not

Motors Liquidation Company GUC Trust

budgeted or exceed the amounts budgeted for use from the funds contributed by MLC on the Effective Date of the Plan for purposes of satisfying such Wind-Down Costs, (ii) any current or projected Reporting and Transfer Costs that exceed the then currently available funds, or (iii) any current or projected income tax liabilities of the GUC Trust arising from the disposition of New GM Securities (“Taxes on Distribution”). This process is not related to, and is separate from, the process of recognizing any current and deferred income tax liabilities, as well as reserves for expected costs of liquidation in the Statement of Net Assets in Liquidation, as a matter of financial reporting. Such liabilities and reserves must be determined in accordance with generally accepted accounting principles applicable to the GUC Trust. By contrast, the estimates of projected costs and potential liabilities for which the GUC Trust may set aside GUC Trust Cash (including Dividend Assets) are generally made on a more conservative (i.e., more inclusive) basis over the duration of the GUC Trust and include contingencies and amounts of any potential income tax liabilities that are not permitted to be recognized under applicable accounting standards. The GUC Trust Administrator may use GUC Trust Cash (including Dividend Assets) that has been set aside from distribution to fund (with the required approval of the Bankruptcy Court) the current or projected Wind-Down Costs or Reporting and Transfer Costs of the GUC Trust and (with the required approval of the GUC Trust Monitor) any current and potential Taxes on Distribution.

Beginning in the fiscal quarter ended December 2011, the GUC Trust Administrator set aside from distribution, in accordance with Sections 6.1 (b), 6.1(c), and 6.1(d) of the GUC Trust Agreement and with the approval of the GUC Trust Monitor, New GM Securities and/or GUC Trust Cash, as applicable, in amounts that the GUC Trust Administrator determined was necessary to satisfy then current and projected Wind-Down Costs and Reporting and Transfer Costs and potential Taxes on Distribution of the GUC Trust. Because the GUC Trust Administrator reevaluated (and continues to reevaluate) the projected Wind-Down Costs and Reporting and Transfer Costs and the potential Taxes on Distribution of the GUC Trust on a quarterly basis, the amount of set aside GUC Trust Cash (or, when applicable in prior quarters, New GM Securities) necessarily fluctuates over time.

While the GUC Trust has employed various methodologies for calculating the set asides associated with Wind-Down Costs and Reporting and Transfer Costs (the “Administrative Costs Set Aside Methodology”) and potential Taxes on Distribution (the “Taxes on Distribution Set Aside Methodology”), during the periods presented in the accompanying section 6.2(c) Report such set asides were calculated in the following manner (for further information on prior periods, please see the prior section 6.2(c) Reports available at the Motors Liquidation Company GUC Trust website at <https://www.mlcguctrust.com/>):

- Administrative Costs Set Aside Methodology : GUC Trust Cash (including Dividend Assets) is set aside from distribution in an amount equal to the estimates of projected Wind-Down Costs (including Dividend Taxes (defined below) and income taxes on investment income) and Reporting and Transfer Costs; and
- Taxes on Distribution Set Aside Methodology : GUC Trust Cash (including Dividend Assets) is set aside from distribution in an amount equal to estimates of potential Taxes on Distribution. Estimates of potential Taxes on Distribution are arrived at by applying the applicable U.S. federal income tax rate to realized capital gains that are still subject to adjustment by the Internal Revenue Service, less current period losses (exclusive of Current Dividends and investment income) and estimated future tax deductible expenses. Such realized capital gains are determined using the tax basis of the New GM Securities based on the date of transfer of record ownership of the New GM Securities on December 15, 2011 and the tax basis of the New GM Common Stock received from the exercise of New GM Warrants.

Motors Liquidation Company GUC Trust
Notes to Claims and Distribution Summary – Section 6.2(c) Report
June 30, 2019

In March 2012, December 2012, and January 2015, the GUC Trust Administrator sought and received authority from the Bankruptcy Court to liquidate set aside New GM Securities (and use associated Dividend Assets) for the purposes of funding then current and projected Wind-Down Costs and Reporting and Transfer Costs for the calendar years 2011 through 2015, as well as certain fees, costs and expenses of the Avoidance Action Trust (“Avoidance Action Trust Administrative Costs”) estimated for the calendar years 2012, 2013 and 2014 (collectively, the “Initial Cost Funding Orders”). In the aggregate, pursuant to the Initial Cost Funding Orders, the GUC Trust liquidated (i) 640,855 shares of New GM Common Stock and 582,580 warrants of each class of warrant for the aggregate proceeds of \$37,670,068 (including \$123,160 of associated Dividend Assets) in respect of Wind-Down Costs; (ii) 315,764 shares of New GM Common Stock and 287,051 warrants of each class of warrant for the aggregate proceeds of \$18,354,464 (including \$46,728 of associated Dividend Assets) in respect of Reporting and Transfer Costs; and (iii) 269,422 shares of New GM Common Stock and 244,929 warrants of each class of warrant for the aggregate proceeds of \$13,715,264 in respect of Avoidance Action Trust Administrative Costs (which amount was subsequently transferred to the Avoidance Action Trust). Copies of the Initial Cost Funding Orders are available at the Motors Liquidation Company GUC Trust website at <https://www.mlcguctrust.com/>.

On November 17, 2015, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to reallocate certain set aside GUC Trust Cash for use in funding projected Wind-Down Costs and Reporting and Transfer Costs for the calendar year 2016 (the “2016 Reallocation Motion”). In the aggregate, the 2016 Reallocation Motion sought authority to reallocate \$7,518,800 in GUC Trust Cash for the purposes of satisfying projected Wind-Down Costs and \$4,528,000 for the purposes of satisfying projected Reporting and Transfer Costs. On December 7, 2015, the Bankruptcy Court entered an order authorizing the 2016 Reallocation Motion (the “2016 Reallocation Order”). Copies of the 2016 Reallocation Motion and 2016 Reallocation Order are available at the Motors Liquidation Company GUC Trust website at <https://www.mlcguctrust.com/>.

On January 20, 2017, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to reallocate certain set aside GUC Trust Cash for use in funding projected Wind-Down Costs and Reporting and Transfer Costs for the calendar year 2017 (the “2017 Reallocation Motion”). In the aggregate, the 2017 Reallocation Motion sought authority to reallocate \$4,970,600 in GUC Trust Cash for the purposes of satisfying projected Wind-Down Costs and \$4,961,400 for the purposes of satisfying projected Reporting and Transfer Costs. On February 21, 2017, the Bankruptcy Court entered an order authorizing the 2017 Reallocation Motion (the “2017 Reallocation Order”). Copies of the 2017 Reallocation Motion and 2017 Reallocation Order are available at the Motors Liquidation Company GUC Trust website at <https://www.mlcguctrust.com/>.

On February 15, 2018, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to reallocate certain set aside GUC Trust Cash for use in funding projected Wind-Down Costs and Reporting and Transfer Costs for the calendar year 2018 (the “2018 Reallocation Motion”). In the aggregate, the 2018 Reallocation Motion sought authority to reallocate \$9,051,300 in GUC Trust Cash for the purposes of satisfying projected Wind-Down Costs and \$4,554,500 for the purposes of satisfying projected Reporting and Transfer Costs. On March 6, 2018, the Bankruptcy Court entered an order authorizing the 2018 Reallocation Motion (the “2018 Reallocation Order”). Copies of the 2018 Reallocation Motion and 2018 Reallocation Order are available at the Motors Liquidation Company GUC Trust website at <https://www.mlcguctrust.com/>.

Motors Liquidation Company GUC Trust
Notes to Claims and Distribution Summary – Section 6.2(c) Report
June 30, 2019

As of March 31, 2018, the GUC Trust had set aside from distribution \$24,725,315 to fund projected Wind-Down Costs and Reporting and Transfer Costs.

As of June 30, 2018, the GUC Trust had set aside from distribution \$24,766,948 to fund projected Wind-Down Costs and Reporting and Transfer Costs.

As of September 30, 2018, the GUC Trust had set aside from distribution \$24,767,588 to fund projected Wind-Down Costs and Reporting and Transfer Costs.

On December 19, 2018, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to reallocate certain set aside GUC Trust Cash for use in funding projected Wind-Down Costs and Reporting and Transfer Costs for the calendar year 2019 (the “2019 Reallocation Motion”). In the aggregate, the 2019 Reallocation Motion sought authority to reallocate \$8,231,500 in GUC Trust Cash for the purposes of satisfying projected Wind-Down Costs and \$4,170,000 for the purposes of satisfying projected Reporting and Transfer Costs. On January 23, 2019, the Bankruptcy Court entered an order authorizing the 2019 Reallocation Motion (the “2019 Reallocation Order”). Copies of the 2019 Reallocation Motion and 2019 Reallocation Order are available at the Motors Liquidation Company GUC Trust website at <https://www.mlcguctrust.com/>.

As of December 31, 2018, the GUC Trust had set aside from distribution \$24,767,588 to fund projected Wind-Down Costs and Reporting and Transfer Costs.

As of March 31, 2019, the GUC Trust had set aside from distribution \$12,366,159 to fund projected Wind-Down Costs and Reporting and Transfer Costs.

During the three months ended June 30, 2019, the amount of GUC Trust Cash set aside from distribution to fund projected Wind-Down Costs and Reporting and Transfer Costs of the GUC Trust increased by \$48 from the cash set aside as of March 31, 2019, with the total amount of such set aside cash aggregating \$12,366,207 as of June 30, 2019. Such set aside was reduced by \$68,558,199 from the amount of unfunded projected Wind-Down Costs and Reporting and Transfer Costs as a result of limitations on the amount of GUC Trust Cash available to be set aside for such purposes. The amount of GUC Trust Cash available to be set aside to fund projected Wind-Down Costs and Reporting and Transfer Costs is subject to inherent limitations because of a fixed amount of GUC Trust Cash and the requirement also to set aside sufficient GUC Trust Cash to satisfy all Disputed General Unsecured Claims and Unresolved Term Loan Avoidance Action Claims. The insufficiency in the set aside of \$68,558,199 as of June 30, 2019 was increased by \$55,284,222 from the insufficiency as of March 31, 2019 described below. Such increase in the insufficiency of the set aside is primarily due to an increase in projected costs associated with an extension in the estimated remaining life of the GUC Trust for set aside purposes during the three months ended June 30, 2019. Such extension in the estimated remaining life of the GUC Trust for set aside purposes is associated with certain litigation, which assumes that such litigation will not be resolved for an extended period of time.

During all periods presented in the accompanying section 6.2(c) Report, other than for the quarters ended March 31, 2018, September 30, 2018, December 31, 2018, March 31, 2019 and June 30, 2019, the amount of GUC Trust Cash (including Dividend Assets) set aside from distribution to fund projected Wind-Down Costs, Reporting and Transfer Costs and potential Taxes on Distribution was sufficient to satisfy such projected costs and potential taxes as estimated by the GUC Trust in accordance with the above detailed Administrative Costs Set Aside Methodology and the Taxes on Distribution Set Aside Methodology. For the quarter ended March 31, 2018, as a result of limitations on the amount of GUC Trust Cash available to be set aside for such purposes, the amount of GUC Trust Cash available to be set aside from distribution to fund projected Wind-Down Costs and Reporting and Transfer Costs as of March 31, 2018 was only \$24,725,315, for a net shortfall of \$3,577,912 from projected costs. For the quarter ended September 30, 2018, the set aside for potential Wind-Down Costs and Reporting and Transfer Costs was only \$24,767,588, for a net shortfall of \$7,807,683 from projected costs. For the quarter ended December 31, 2018, the set aside for potential Wind-Down Costs and Reporting and Transfer Costs was only \$24,767,588, for a net shortfall of \$8,912,866 from projected costs. For the quarter ended March 31, 2019, the set aside for potential Wind-Down Costs and Reporting and Transfer Costs was only \$12,366,159, for a net shortfall of \$13,273,977 from projected costs. For the quarter ended June 30, 2019, as described above, the set aside for potential Wind-Down Costs and Reporting and Transfer Costs was only \$12,366,207, for a net shortfall of \$68,558,199 from projected costs. Accordingly, as of March 31, 2018, September 30, 2018,

Notes to Claims and Distribution Summary – Section 6.2(c) Report
June 30, 2019

December 31, 2018, March 31, 2019 and June 30, 2019, the set aside for potential Wind-Down Costs and Reporting and Transfer Costs was insufficient to satisfy in full the Administrative Costs Set Aside Methodology. As a result of the settlement of the Term Loan Avoidance Action and approval of such settlement by the Bankruptcy Court described in the GUC Trust's Form 8-K filed with the SEC on June 13, 2019 and the subsequent allowance of approximately \$231.0 million of Unresolved Term Loan Avoidance Action Claims on July 1, 2019, the set aside for potential distribution with respect to Term Loan Avoidance Action Claims was reduced by \$1,263.8 million on July 1, 2019. In addition, subsequent to June 30, 2019, the GUC Trust released a general claim contingency that comprised the remaining Disputed General Unsecured Claims of \$50.0 million. Accordingly, the limitation on the set aside described above as of June 30, 2019 will no longer exist subsequent to June 30, 2019 and it is expected that the set aside for projected administrative costs will be increased subsequent to June 30, 2019 to fully fund the insufficiency existing as of June 30, 2019.

It is the view of the GUC Trust Administrator, after consultation with the GUC Trust Monitor and Trust Professionals, that the Administrative Costs Set Aside Methodology is a generally conservative methodology for calculating the unfunded projected administrative costs of the GUC Trust. In addition, while there is an insufficiency in the amount of the set aside as of June 30, 2019 as a result of the limitation described above, such limitation will no longer exist subsequent to June 30, 2019 as a result of the reduction in the set aside for potential distribution associated with Term Loan Avoidance Action Claims and Disputed General Unsecured Claims described above. Accordingly, it is expected that the set asides for Wind-Down Costs and Reporting and Transfer Costs will be increased subsequent to June 30, 2019 to fully fund future administrative and reporting costs of the GUC Trust projected as of the date of this report. However, there can be no assurance that the cash set aside to fund projected Wind-Down Costs and Reporting and Transfer Costs will be sufficient to fund such costs and liabilities as they are actually incurred. In addition, there can be no assurance that, as a result of future evaluations, additional amounts of cash will not need to be set aside or utilized to fund additional costs and liabilities, beyond those that are currently included in the GUC Trust's estimates.

- (7) The GUC Trust incurs a federal income tax liability at a rate of 37% on all cash dividends received in respect of New GM Common Stock that was held by the GUC Trust ("Dividend Taxes") (unless such tax liability is reduced by utilization of net operating losses). Pursuant to the GUC Trust Agreement, Dividend Taxes (like certain other taxes) must be paid by the GUC Trust from the use of Excess GUC Trust Distributable Assets and not from the cash proceeds of the dividend itself. However, the cash dividends received on New GM Common Stock which ultimately comprise Excess GUC Trust Distributable Assets will be distributed, *pro rata*, to holders of Units when the liquidated proceeds of such New GM Common Stock is included in a distribution of Excess GUC Trust Distributable Assets.

During all periods presented in the accompanying section 6.2(c) Report, the GUC Trust Administrator included in the set aside for Wind-Down Costs an amount of GUC Trust Cash (including Dividend Assets) that would be sufficient upon reallocation, in the GUC Trust Administrator's estimation, to satisfy Dividend Taxes relating to the then Current Dividends.

- (8) Distributions to holders of Resolved Allowed General Unsecured Claims include (a) the cash equivalent of distributions such claimants would have received had their claims been allowed as of the Initial Distribution Date, and (b) to the extent Excess GUC Trust Distributable Assets have previously been made available to Unit holders and/or are being made available at the time of the relevant distribution, additional cash assets in respect of their being beneficiaries of certain numbers of Units.
- (9) Pursuant to the Plan, no portion of the initial distribution to claimants was made "in respect of Units." Only subsequent distributions of Excess GUC Trust Distributable Assets are made "in respect of Units."

As described in footnote (1) above, no distributions to holders of Units were made in any quarter where the amount of Excess GUC Trust Distributable Assets did not exceed the Distribution Threshold. Undistributed Excess GUC Trust Distributable Assets are reported in section H as Excess GUC Trust Distributable Assets set aside for distribution to holders of Units and will be held by the GUC Trust until the next calendar quarter for which the amount of Excess GUC Trust Distributable Assets exceeds the Distribution Threshold.

- (10) Categorizations represent a subjective assessment by the GUC Trust as to the nature of the underlying claims based on information provided by the claimant and/or contained in the books and records of the GUC Trust. Such categorizations are subject to change at the sole discretion of the GUC Trust and without notice to any party. Amounts represented herein represent Class 3 General Unsecured Claims (as defined in the Plan). The amounts as currently ordered represent unsecured claims at either, as applicable, (i) original amounts as filed, (ii) amounts as currently reclassified or reduced by court order, or (iii) amounts as allowed per executed or ordered settlement. The amounts as allowed represent Allowed Class 3 General Unsecured Claims (as defined in the Plan). The amounts as currently ordered contain a category denoted as “other” which, as of the quarter ended June 30, 2019, reflects an aggregate claim amount of approximately \$50 million that is not associated with any particular claim but which has been set aside by the GUC Trust Administrator as a general claim contingency for any future disputed claims or other obligations of the GUC Trust. The GUC Trust Administrator has set aside an aggregate of \$14.8 million for this general claim contingency (i.e., \$296 in Distributable Cash per \$1000 of Allowed General Unsecured Claim, as provided in the Plan). As described above, such general claim contingency was released by the GUC Trust subsequent to June 30, 2019.
